## Responsible Procurement

Responsible Procurement

- Reduction in waste – suppliers are being pushed to reduce amount of single-use plastic used in packaging. Some suppliers are testing out innovative packaging products.
- Recycling and/or reuse of products – suppliers can offer free pick-up of their packaging and recycle and/or reuse it.
- Reduction of food miles
- Carbon Reduction – suppliers are moving to hybrid and/or electric fleets. Suppliers are also being encouraged to consolidate deliveries and collaborate delivery dates with neighbouring Institutions.

Community Benefits.

- Live demonstrations and visit to local fish market
- Work experience placements
- Offer a new Modern Apprentice position
- Talks on sustainable fishing
- Assistance with menu-planning
- Demonstrations and walk-through of the business

#### Added Value

Special offers may be available throughout the life of the Framework. Suppliers will advise Institutions when these offers are available and for how long.
