### Scope of Requirements

The purpose of the DPS agreement is to deliver an efficient and compliant route to market for participating public bodies, by minimising the resource and providing value for money. The DPS agreement was procured via the Dynamic Purchasing System procurement process which follows the restricted procedure. It was advertised on Intend and in the Official Journal of the European Union (OJEU) with the reference: 2020/S 035-083929

The tender is for the Vending Machine Services

The purpose of this procurement was to create a list of suppliers that met the minimum requirements to deliver one or more of the following lotted services:

Lot 1 - Confectionery Snacks / Ambient.

Lot 2 - Food including Sandwiches chilled.

Lot 3 - Beverages, bottles and cans.

Lot 4 - Beverages, hot drinks.

Lot 5 - Fully managed service Lot. This Lot is for a fully managed, turnkey vending machine service. Vending machines will be filled, cleaned, serviced and maintained. The contract will also consist of cash collections and management information provided to the member.

Lot 6 - Self-Fill machines only. This service is for provision of a vending machine only. Vending machines under this Lot can be bought, leased or rented. Members will fill these machines according to the contract in place with each member.

Lot 7 - Reverse vending machines. Reverse Vending Machines, (RVM's) are automated machines that utilise advanced technology to identify, sort, collect and process used beverage containers.

Lot 8 - Retail Convenience Vending. Convenience store is an exciting new vending concept, allowing a wide range of goods to be sold in a huge variety of locations, 24 hours a day, every single day, through a hybrid vending machine/convenience shop.

Lot 9 - Mobile Vending Lot. Mobile Vending units, pop-up vending for events. Mobile Vending Vans are On-site vending machines purpose-sited vending machines for events, festival & functions.

Lot 10 - Express Vending. Express Vending machines are self-service coffee machines. They are ideally placed where there is a till point such as in retail premises or forecourts.

Lot 11 - Telemetry System Lot. Telemetry systems are Management Information/energy systems for Vending Machines that don't have such systems built in. They are an add on management information system.
