Scope of Requirements

Supply and servicing of mass spectrometry and chromatography equipment plus related consumables and accessories used in research, teaching and medical applications across the UK Public Sector.

Lots include:

Lot 1 - Mass Spectrometers
Lot 2 - Gas Chromatographs
Lot 3 - Gas Chromatographs with Mass Spectrometers
Lot 4 - Gas Generators Systems and Associated Servicing
Lot 5 - Liquid Chromatographs and Associated Modules
Lot 6 - Liquid Chromatographs coupled with Mass Spectrometers
Lot 7 - Forthcoming Systems and Modular/Combined Systems
Lot 8 - Refurbished Equipment One Stop Shop
Lot 9 - Related Consumables and Accessories
Lot 10 - Equipment Servicing

Please refer to the Buyers Guide for the full scope of requirements.

Accessibility

APUC Ltd and its members, plus; HEPCW; LUPC; NEUPC; NWUPC; All Scottish Public Sector; SUPC.

Call Off Method

Responsible Procurement

Responsible Procurement

- Reduced environmental impacts of service delivery and/or equipment throughout their whole lifecycle
- Increased energy efficiencies of products in use
- Increased product life, including the ability to upgrade and modularise equipment
- Removal of toxic materials within the goods manufacturing processes
- Alternatives to outright ownership of products
- Documented targets to increase the re-use and recycling of packaging and reduce the amount going to landfill
- Take-back schemes to return used equipment for refurbishment and recycling
- Use of innovation to improve the sustainability credentials of products/services
- Social, equality and/or environmental improvements.
- Fair Work i.e. Contractors paying Living Wage/accredited

Community Benefits

- Opportunities for work placements, apprenticeships, sponsorship and other professional development for students
- Provision of staff training opportunities and free consumables with the purchase of systems from certain suppliers
- Many of the Framework suppliers are actively involved with supporting a variety of charities, both local and national.-

Added Value

- Remote diagnostic service procedures to reduce downtime and carbon impact of service and repairs.
- Provision of staff training opportunities and free consumables with the purchase of systems from certain suppliers.
- Take back programmes including recycling and re-use options on unused and obsolete equipment.
