Responsible Procurement

All suppliers have been tested on their sustainability credentials and will continue to do so linked to reviews
Provision to manage sustainable impacts via the Net Positives Action Tool

Added Value

Strong market coverage in the supply base allows direct contact with leaders in various specialist areas, some of which are not available on alternative frameworks.
Innovative suppliers awarded a place on the framework based on excellent tender responses in the areas that matter most to our members
Coverage of a range of removal requirements to cover all of our member's needs
Strong KPIs include direct control of contract to ensure supplier performance is maintained
MI reporting at consortia level will be direct and so within control, improving savings reports for members
Direct control of contract management and reviews at consortia level
Marketing premium (1.5% of spend on framework) retrieved will be reinvested into member services
Sustainable pricing model based in day rates for labour and vehicles which are easy to use when calling off
Flexible call off methods for members to utilise
