Responsible Procurement

Responsible Procurement:

- Virtual meetings reducing carbon emissions through business travel and regular commuting is significantly reduced compared to an office-based supplier
- Minimising the environmental impact of hosting the Online Platform (e.g. Microsoft Azure datacentres / cloud sustainability through liquid immersion cooling, grid-interactive UPS batteries, cleaner fuels for power backup)
- Modern slavery & supply chain – zero tolerance policies for forced labour, slavery and human trafficking

Community Benefits:

- Fair working practices: living wage, flexible working

Added Value

- Multiple products are available from some suppliers to suit the size and scope of the Institution's requirements
