Your Coop Business Solutions, part of
Midcounties Co-operative

Scope of Requirements

The scope covers the procurement of mobile phones that have been produced with the aim of minimising their social and environmental impact in conditions that protect the employment rights of workers throughout the supply chain including wages above the in-country minimum wage line and a device design that is both end-user repairable and with extended software support to maximize the phone's useful life. This includes the use of conflict free minerals including Fairtrade certified gold or equivalent and partners to the Responsible Lithium Initiative, five-year manufacturer warranty, affordable spare parts, free and public repair information, being electronic waste neutral, device take-back schemes, commitment to supply chain mapping and sourcing from fair mining initiatives wherever possible, or from recycled sources, high percentage of post-consumer recycled plastic within device content, minimum 10% recycled content, minimum 30% fair material content, working conditions assessed including worker surveys and worker-driven action plans, restricted substances removed from manufacturing process, including auditing, Scope 1, 2, 3 active measurement and reduction programmes in place and publicly available supply chain mapping including engagement report.

Accessibility

LUPC and all its members. Plus: APUC, NWUPC, NEUPC, HEPCW and SUPC.

Call Off Method

Direct Award only (single source)

Responsible Procurement

See Your Coop page at <https://broadband.yourcoop.coop/fairphone-UK/> and Scope of Requirements
